

Lightweight rollator with shopping bag

rollz flex

Walk with confidence every step of the way

- Multi-support options
- Great stability
- Small turning circle
- Soft tyres
- Easy to push and steer
- Height adjustable

Designed in the Netherlands

Rollz Flex² keeps you active

At first glance, it does not appear to be a walking aid. This was exactly the intention of the designers: to create an enjoyable design for going outdoors. This rollator maneuvers easily and you can walk stable and comfortable, while the bag carries your groceries.

Flexible

Easy adjustable handlebar for different heights.

Practical

The large water-resistant bag can carry up to 20kg/25litre. Includes removable inner bag.

Maneuverable

Light steering and easy motion thanks to the small turning cycle.

Convenient

Rest on the leather look seat while having the handlebar as a supportive backrest.

Easy aid

Go over doorsteps and kerbs easily with the kerb assistant, even with a full loaded bag.

Comfortable

Rollz Flex² allows a comfortable ride with less vibrations thanks to the softer foam-filled tyres.
